

# Benefits

## Benefits of Medication Review

Patients will feel better, save money, live longer, and have peace of mind that they have a team of uniquely qualified professionals at their disposal. The comprehensive review will identify:

- ◆ Unnecessary drugs
- ◆ Incorrect usage techniques
- ◆ Over/under dosing
- ◆ Drug interactions
- ◆ Drug duplications
- ◆ Drug conflicts

# About AMMS

## AMMS Mission

Our team optimizes drug and nutritional therapies to promote health and wellness. Educating and improving therapeutic outcomes ~ one patient at a time.

## AMMS Goals

- ◆ Enhance understanding of medications
- ◆ Increase adherence to medication therapy
- ◆ Prevent drug complications, conflicts, and interactions
- ◆ Improve healthcare quality while reducing avoidable medical expenses
- ◆ Target supplements that optimize health and wellness

- ◆ Patient compliance issues
- ◆ Incorrect usage techniques
- ◆ **AMMS** team simplifies dosing schedules, provides education and monitoring to ensure compliance

The **AMMS** Team has over 143 years combined experience in the healthcare industry. We cut a broad path from community pharmacy service to manufacturer and educator appointments. Our experience is refined through pharmacy ownership, pharmacy directorship, and consulting services perfected through academic and clinical higher education. **AMMS** employs a unique team approach to our services. We provide the optimum benefit to your individual needs and aim to care for you ~ targeting wellness.

“When dad got sick he and mom were so confused. I was reassured that **AMMS** worked with dad, his doctors and pharmacist, and our family. It just makes sense to have a comprehensive review and make informed choices. Thanks, **AMMS!**”
